The 11th Annual National Black Economic Conference

The National Black Economic Conference is an annual initiative to connect, engage, and inform black business owners and professionals about opportunities, resources, and programs that will increase the number and scale of black owned businesses in the United States and globally. In addition, the forum aims to create dialogue and solutions for creating multi-generational wealth and building sustainable communities. The Mosaic Group in partnership with the Urban League of Broward County and several businesses and community partners will host the 11th Annual National Black Economic Conference (Formally the South Florida Black Economic Forum) virtually on Friday, August 13, 2021. This year's theme is "The Road to Generational Wealth." We invite you to partner with us by becoming a sponsor.
